

## ***When did we see you hungry Lord?***

*Matthew 25: 44a*

### ***What did we learn?***

*What we learned that during the pandemic a lot of people needed assistance with food. As our challenge we started a food cupboard near the sidewalk.*

### ***Refocusing our vision***

- *Our Vision is that 3 months from now we will have established an ongoing program to help keep the sidewalk food cupboard stocked.*
- *6 months from now we learn together more about the food insecurity in our community.*
- *One year from now we will be working on our plans for using the church property for a community garden.*

## ***I was a stranger and you welcomed me Matthew 25: 35b***

### ***What did we learn?***

*We learned that during the pandemic people were lonely and isolated, that has continued especially for our seniors. As our challenge we started a twice a month Sunday afternoon drop in center for older adults to come for fellowship, refreshment and a short time of learning with presentations of different types.*

### ***Refocusing our Vision***

- *Our Vision is in the first 3 months we will continue to offer the twice a month Drop in Center.*
- *6 months from now we will have a dedicated space for the drop-in center with an espresso machine and karaoke.*
- *One year from now we would like to include at least once a month an intergenerational drop-in center where older adults engage with young people and children on doing a mission project together.*
