

July 23-29, 2023

To Panther, West Virginia, through Son Servants

Organized by Community Presbyterian Church of Ringwood.

Serving those in need for 40 years, Son Servants have the history and “know how” to give your students a life changing experience in the space of a week. These trips are so much more than just “work”. Each day begins with quiet time that is integral to the theme and worship of the trip. Then the youth and leaders turn to a day filled with work serving others. Each location partners with a local ministry to best serve the area, these are long term relationships as these locations are areas we return to year after year. In the afternoons everyone returns to camp for a time of fellowship, play and maybe even a little rest. The evenings are filled with games, worship and music. Each night concludes with family time - a time with your youth to reflect on their days and share their experiences. There is something very special about this company - what they do (missions) they do remarkably well. The adult leadership is exemplary and the college staff that help out are great. They do all the planning, set up, organization etc and let you spend time with your youth-

If you're interested in your youth joining us at Community Presbyterian Church of Ringwood this summer, please contact Tracy Rynkowski at tracyrynkowski@gmail.com to hear about past trips and what this summer holds for Son Servants. She is always excited to share her youth's experiences and tell you more about the program.
