

Background Checks

COMPANY HIGHLIGHTS

MinistrySafe is the worldwide leader in child abuse prevention.

Attorney-Owned

Unlike other providers, MinistrySafe was created by legal professionals who are sexual abuse experts, and we stand ready to serve your Ministry. We'll evaluate your current protocols, explain areas for improvement, and send you competitive pricing.

Advanced Analysts

Our analysts are critical thinkers who are rigorously trained to find and report all legally reportable records related to an applicant applying for a ministry staff position or volunteer opportunity. Unlike other providers, who commonly provide a 'one size fits all' service, our analysts are proficient in processing complicated reports.

BACKGROUND CHECKS

Since 2020, we've provided over half a million Background Checks

Background Checks processed by in-house analysts

Clients are trained in FCRA compliance

Verification of any record found

Analysts are trained to discuss results over the phone

Customizable levels of search

BACKGROUND CHECK LEVELS

Effective Background Checks provide an essential element of the MinistrySafe 5-Part Safety System.

There is no 'one size fits all' Background Check, and there are individuals in every ministry *about whom you cannot afford to be wrong.*

Background Checks should be tailored to position; a Staff Member or Volunteer who will be working with children, students or vulnerable adults in a less structured, high trust or less easily supervised context requires a more in-depth screen.

MinistrySafe offers pre-created Levels of Background Checks, providing your Ministry with a customized approach to screening.

Our standard Background Check Levels are as follows:

ADDITIONAL BACKGROUND CHECK OFFERINGS

EMPLOYMENT CREDIT REPORTS

An Employee Credit Report may be valuable related to an individual managing ministry funds. The Report supplies a soft inquiry into the applicant's credit history, and does not affect credit scores.

EDUCATION VERIFICATIONS

Verification is essential when hiring individuals with claimed credentials. The Report includes each institution listed granting a degree or certification, and may include dates of attendance, degree, major or program, etc.

EMPLOYMENT VERIFICATIONS

Verifying an applicant's prior employment is recommended. Each employer listed by the applicant is contacted to verify the employment information provided.

REFERENCE VERIFICATIONS (EMAIL ONLY)

MinistrySafe provides reference questions keyed to Child Protection in automated Reference Verifications.

CONTINUOUS MONITORING

Provides near real-time alerts concerning new arrest activity related to Employees or Volunteers, eliminating the need to wait for Background Check Renewal to learn of such activity.

INTERNATIONAL CRIMINAL RECORDS SEARCH

Searches available jurisdictions in the country where the applicant has lived or currently lives. The scope of records reported varies by country.

LEGAL CONSULTATION

Turn to trusted, Christ-based attorneys— whether about a Background Check or another issue related to sexual abuse risk.
*Please visit LoveNorris.com for more information.

*Continuous Monitoring is invoiced on a per-month, ongoing basis and is not available in all jurisdictions.

*International Searches are priced on a per-country basis, plus a \$20 processing fee. See pricing [here](#).

UNDERSTANDING BACKGROUND CHECKS

ALL BACKGROUND CHECKS ARE NOT EQUAL

MinistrySafe is led by seasoned attorneys who understand sexual abuse risk. Providing best-in-class service, MinistrySafe helps ministries maximize the value of Background Checks, avoid common pitfalls, and develop an effective Background Check Strategy.

Our mission: to access all records within your search parameters and REPORT all legally reportable records. Learn why our approach is unique.

BACKGROUND CHECKS FIT WITHIN A SYSTEM

THE 5-PART SAFETY SYSTEM

Sexual Abuse Awareness Training provides the foundation of an effective Safety System. When Staff Members and Volunteers are equipped with 'eyes to see' the abuser's grooming process, they are better equipped to protect children and vulnerable adults in their care.

Skillful Screening Processes & Training equips ministry leaders to recognize and screen for high-risk responses from applicants, including state-of-the-art Sample Forms.

Appropriate Background Checks

provide a necessary screening component, but there is no 'one-size-fits-all' Background Check. MinistrySafe provides seven Levels of Background Checks, completed and viewable online.

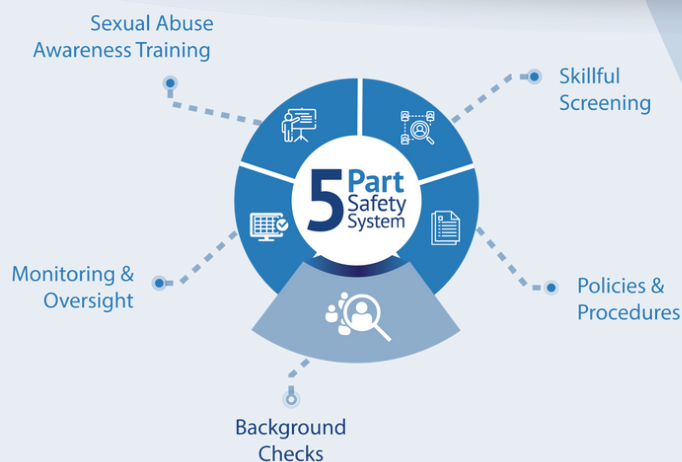

Policies & Procedures

are marginally effective without Awareness Training. MinistrySafe provides Sample Policy Forms customized to various program offerings.

Monitoring & Oversight

ensures periodic review and accountability within the System. The MinistrySafe Control Panel manages and tracks Training and Background Checks, and archives Safety System elements.

NOT A STAND-ALONE SOLUTION

The Background Check is not a 'silver bullet', but provides an important element of an effective Safety System.
